

Family Charities Ethical Exempt Factsheet

Where Are The Funds Invested?

The Family Charities Ethical Exempt Fund is currently solely invested in the Family Charities Ethical Trust. The Family Charities Ethical Trust aims to achieve growth by investing mainly in UK shares of companies that make up the FTSE4Good UK 50 Index in order to closely follow its performance.

Different ethical funds have different investment criteria. To be included in the FTSE4Good UK 50 Index, companies need to demonstrate that they are working towards:

- Environmental sustainability
- Adapting to and mitigating climate change
- Countering bribery
- Upholding and supporting human rights
- Ensuring good supply-chain labour standards

The Index also avoids investment in companies involved in tobacco production, weapon systems and controversial weapons (including nuclear power).

What Are The Risks?

We invest in stocks and shares because we believe there is good potential for growth over the long-term. However, there is no guarantee that this will happen and the value of the investment can fall as well as rise. This means that it is possible to get back less than has been paid in.

Because the Family Charities Ethical Trust follows an Index which has ethical criteria and uses ethical screening, we cannot invest in certain sectors and companies. This could mean the fund carries greater risk than a fund which has no such restrictions. You can find more information about the ethical criteria of the FTSE4Good UK 50 Index at ftserussell.com.
